

Digital Health Scientific Symposium 2025

(In partnership with Indian Council of Medical Research)

Abstract Submission Format & Guidelines:

Email for Submission: office@globalsummit.health

Word Limit: Maximum 1,000 words

Eligibility: Submissions are welcome from researchers, professionals, and scholars from all domains related to healthcare and digital health.

Types of Submissions Accepted:

- Original research papers based on primary or secondary data (having new insights)
- Policy analysis articles
- Editorials with significant evidence-based perspectives (must follow a research-backed approach)

The Scientific Committee encourages submissions that demonstrate real-world relevance, innovation, and evidence-based insights, regardless of whether the data is primary or secondary.

Symposium Scope & Topics:

We invite submissions of high-quality, original research papers that explore transformative ideas in Digital Health. Topics include, but are not limited to:

- Telemedicine & Remote Monitoring including Rural Health
- Health Data Analytics & Artificial Intelligence
- Chronic & Acute Disease Management
- Mental Health
- Hospitals
- Pharmaceutical Industry
- Allied Healthcare Professionals
- Generative AI
- Patient Interfacing Technologies
- Blockchain in Healthcare
- Supply chain in healthcare
- Precision Medicine, Traditional Medicine & Complementary Medicine
- Assistive Technology
- Public Health Interventions
- Behavioural change communication
- Communicable & Non-Communicable Diseases

- Women's Health
- Geriatric Care
- Palliative Care
- Diagnostics & Pathology
- Oncology
- Ophthalmology
- Wearable Technology
- Health Information Systems
- Digital Therapeutics & Digital Twins
- Interoperability
- Cybersecurity in Healthcare
- Ethical Considerations
- Community-based Initiatives
- Longevity & AI

Abstract Submission Format:

1. Title of the Research

Enter a concise and descriptive title. (that you shared with us)

2. Theme/Track

*Mention the relevant theme from the list below:
(mentioned on the website- LINK)*

3. Year the Work was Undertaken

Indicate when the research or analysis was conducted.

4. Target Population or Beneficiaries

Specify the community, population group, or sector addressed in your work.

5. Abstract Content (Within 1,000 Words)

a) Background & Objectives:

- Brief context and goals of the research.

b) Methodology:

- Describe the research design, data sources (primary or secondary), and tools/technologies used.

c) Key Findings & Results:

- Summarize the core findings and evidence generated.

d) Conclusion & Impact:

- Conclude with implications, learnings, and real-world or policy-level impact.

6. Author(s) Information

- Full Name(s):
- Designation(s) & Organization(s):
- Email(s):
- Contact Number (Lead Author):

7. Declaration

I/We declare that this submission is original, unpublished, and does not violate any copyrights. All sources have been acknowledged where applicable.

Signed (Lead Author)

Date:

Please Note:

- All submissions will be reviewed by the Scientific Committee.
- Top 3 research submissions will receive cash prizes and joint certificates from **Indian Institute of Management Raipur** and the **Academy of Digital Health Sciences**.
- Top 3 papers win: INR 50,000 | INR 30,000 | INR 20,000
- Scores: Above 90% | Above 85% | Above 80%
- Final selection notifications will be sent by **mid-August 2025**.
- Selected participants will be invited to **present their work** before the **Scientific Committee** during the symposium. Presentations will be evaluated for **innovation, relevance, evidence strength, and potential for real-world impact**.
- PowerPoint Presentation – up to 7-8 slides based on your creativity (no particular template)
- **If your submission is accepted, you will be eligible for a 50% discount on the special delegate pass for the summit.**
Original price – INR 10000 + taxes
Offer price – INR 5000 + taxes
